Recfishwest supporting recreational fishermen at the Mandurah Boat Show

Recfishwest will attend the Mandurah Boat Show at the Mandurah Ocean Marina from Friday October 9 until Sunday October 11.

Recfishwest is the recognised peak recreational fishing body that represents the interests of the recreational fishing community and advocates at state and national levels to government, organisations and industry.

The Recfishwest team will be at their trailer on stand 92 next to the Aquatank and available to answer and address any concerns recreational fishers may have.

Recfishwest's Principal Policy Officer Kane Moyle said Recfishwest will have information on the demersal closed season, fishing rules and recreational boat licenses and crabbing in the Peel Harvey region and Cockburn Sound.

Recfishwest will also have information regarding its annual general meeting and elections of board members.

"We will also be looking to recruit new members and gain further support from everyone involved in recreational fishing in order to maintain and improve fishing opportunities and the quality of the fishing future."

We will also be asking for the community to give us some feedback on their experiences with recreational fishing and complete a short survey and go in the draw to win a Recfishwest 12 month family membership and t-shirts," said Mr Moyle.
