## REEL NEWS

Issue 17 November 2010

### WA Spearos Launch National Safety Initiative

Spearsafe is a national initiative to improve safety for Australian spearfishers. It involves some of Australia's top freedivers and brings together a cohesive view on spearfishing safety. Although primarily aimed at breath hold spearfishers, this information session will be of value to all divers and skippers.

At the launch, well known freediving instructor Erez Beatus will speak on spearfishing safety and then present the new Spear Safe safety information DVD. This DVD is being distributed FREE to spearos around Australia through dive stores and spearfishing clubs.

Generous sponsors have provided \$1,000 in door prizes to give away.

The Department of Sport and Recreation WA and Marmion Angling and Aquatic Club are providing finger food, and the bar will be open for refreshments.
